

Exploratory Data Analysis in eXide

Clifford B. Anderson

Goal: Open a collection

**Tip: Look up a function in
a list**

**Goal: List the file names
in a collection**

The background is a solid orange color. In the top right corner, there are three decorative elements: a small circle, a larger circle with a smaller circle inside it, and another small circle. Each of these circles has a white arrow pointing towards the right.

**Tip: Look up unfamiliar
syntax**

**Goal: Count the Number
of Plays**

The background is a solid orange color. In the top right corner, there are three decorative elements: a small orange circle, a larger orange circle with a smaller orange circle inside it, and another small orange circle below the larger one. Each of these circles has a white arrow pointing to the right.

Tip: Compose functions

Goal: List the titles of the plays

Tip: Declare namespaces

Goal: Clean up the titles

The background is a solid orange color. In the top right corner, there are several decorative elements: a small circle, a larger circle containing a smaller circle, and another small circle, all in varying shades of orange.
